

We would love to serve your child this summer!

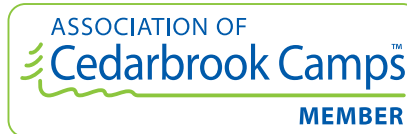

We believe Land o' Lincoln Camp Cedarbrook is a great place for your child to grow this coming summer. We are a small camp that gives personal attention to each camper, to help them grow physically, socially, emotionally, and spiritually.

Many of our staff started as campers, graduated from our Camper In Leadership Training program (CILT) and return each year because they know personally the value of the camping program and the impact it had on their lives.

*"I gained wonderful friendships from camp and grew in my relationship with God through Morning Watch, various activities, and counselors who poured into me and took an interest in my spiritual journey with Christ.*

*I am blessed that God led me back to camp to counsel the young ladies whom God placed in my cabin. I have the opportunity to be a light to them, tell them about the good news of Jesus, share the gospel with them, and strengthen their walk with Christ, all while nurturing and caring for them throughout the week."*

*- Michaela Smith "Rosella"*

## What Makes Us Different?

Land o' Lincoln Camp Cedarbrook has been serving campers for over 65 years. Although many things have changed through the years, our philosophy of camping has not changed.

### Cedarbrook Philosophy

Our camping philosophy is based on developing relationships in an outdoor setting. Therefore we have small living groups with a live-in counselor within an age group – **relationship to others**. We offer skill-building activities that build a camper's sense of self-worth – **relationship to oneself**. We emphasize

appreciation and care of God's creation – **relationship to nature**. And we invite campers to experience a personal relationship with God through

His Son, Jesus Christ – **relationship to God**. We deliberately plan a program to help your children grow and become capable in all areas of life. There are additional features that make our camp unique and special.

### Safety

Your child's safety is our #1 priority. Land o' Lincoln Camp Cedarbrook is accredited by the American Camp Association meeting industry-accepted and government-mandated standards. For more information go to their website at [www.acacamps.org](http://www.acacamps.org)

### Staff-Camper Ratio

We maintain a small camper-to-staff ratio, which lends itself to your child receiving one-on-one contact with adult Christian role-models on a consistent basis throughout the camp day and night.

### Mix of Ages

Campers live in cabin groups with kids their own age; however, throughout the day they will interact with others from first grade to high school.

### Experienced Staff

Staff are volunteers, meaning we have moms, dads, and grandparents, as well as college and career people who are willing to take a week of their vacation to invest in the lives of our campers. Staff members are trained according to the American Camp Association (ACA) standards.

### Individual Weeks

Land o' Lincoln Camp Cedarbrook offers one week of camp for boys and one week for girls. That's right. Boys come one week – just boys with men staff (and a few women filling in administrative and health service roles.) The girls come a separate week with women staff.

We believe that offering separate weeks for boys and girls enhances the opportunities for campers to fully enjoy what camp has to offer—activities, fun with friends, Bible studies, and music—it lets them be themselves. They don't spend time trying to impress. They can be real with each other and with staff.

### Time in God's Word

Campers spend quiet time each morning reading their Bibles and a devotional. A little later in the day, they will study God's

Word as a cabin group. And in the evening, around a simple campfire, they'll hear from staff—testimonies or a message from God's Word. The night closes after a time of prayer and cabin devotions. All throughout the day staff remind the

**Morning Watch**—a time spent in God's Word

campers that God is there watching, listening, loving.
